

Miken Bat Warranty

Miken Limited Warranty - Miken warrants the bat against defects in material and workmanship for one (1) year from the date of purchase, provided the bat is properly used and maintained as described below on the Miken Bat Care Tips sheet provided with your new bat. This warranty is provided only to the original purchaser, and cannot be assigned. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, THAT EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH WARRANTIES ARE HEREBY EXCLUDED.

Steps To Return A Bat For Warranty Consideration:

1. For the quickest turn around, go to www.mikensports.com and fill out the return authorization form. The following information is required for a warranty repair, replacement or return of purchase price:

model, length, weight, date of purchase, and location of purchase.

The return authorization number will be issued via email.

2. Send the bat and the **original receipt** freight prepaid, to the following address:

Miken Sports
Warranty Department
R.A. # _____
415 East South Street
Caledonia, MN 55921

**Miken will inspect the returned bat for compliance with warranty requirements, detailed in the Miken Limited Warranty Information sheet provided with your new bat. Miken reserves the right to conduct whatever testing on the returned bat that it deems appropriate, including destructive testing, to determine whether the bats meets the warranty requirements. If Miken determines that the bat does not comply with the warranty requirements, the bat (in the condition resulting from any testing done pursuant to this paragraph) will be returned to the sender. Bats received without an original receipt or other proof of purchase acceptable to Miken will not be honored for warranty consideration.

Miken Bat Care Tips: (Failure to follow tips will nullify warranty)

1. Do not return the bat to your sporting goods dealer.
2. Do not clean metal spikes or hit anything other than intended game balls with the bat. This may cause scratching and chipping which may severely shorten the life-span of the bat to premature breakage.
3. Limit use to a single individual. Multi-person use will severely shorten the life-span of the bat.
4. Use only with regulation balls. Batting cage balls and severely water logged balls are significantly denser than the balls the bat was designed to withstand.
5. The Miken slow-pitch line is not designed for modified or fast-pitch play. Please check Miken's website for a current list of slow pitch and fast pitch bats.
